

Solidarity	Objectivity
Stories about people	Stories about non-human reality
Pragmatist: The struggle to shift from objectivity to solidarity (democracy)	Realists: The search for absolute, non-human truth
"Human nature" is, in part, socially constructed over time	Absolute knowledge regarding ahistorical human nature
"t"ruth: what it is good for <i>us</i> to believe (somebody may come up with a better idea)	"T"ruth as correspondence to reality
Easy agreement: We call this knowledge	Forced agreement is allowed
Difficult to agree: We call this opinion	If it's opinion, perhaps disregard it
